Thanks to Nic for the KREX Channel 5 Interview. Thank you to all of the participants in the Grand Valley CBC this year.

Abby Burk, Western Rivers Coordinator for Audubon Rockies attended our board meeting and spoke about the water issues in the West. She also has been instrumental in making numerous funding connections for our Wetlands project. Abby suggested we put up a QR code at the preserve so people can make donations. **Cary** is the point person to look into it. Abby cannot be a formal member of our board as it may present a conflict of interest due to her involvement with our grant writing.

Larry advised we have \$2500 in our budget to sponsor a child for this Bird Camp. **Cary** is the point person to find an applicant.

Board approved to pay up to \$1000 to Tiffany Kersten for her presentation. Angela Barnes will donate additional funds.

GRAND VALLEY AUDUBON BOARD MEETING EMAIL REPORTS

Monday January 16th, 2022

Parade of Lights 12/3/22 Report:

Hunter

Good job! Fun evening. Total Cost within budget (registration/banners): \$390.54
Main Supplies Storage in one of the sheds at the Preserve.
(framed wood for the side of the trailer, lights, blow-ups)

GJ CBC/Dinner Report

Overall Cost: \$ Planned for 50 participants. 25 in attendance. It was a fun evening. Food was excellent and plentiful. Chili was a little spicy for some not for others. David Price took charge of the leader reports. Vollmars got the Trophy for the long eared owl. It was a cold, sunny day and the river was almost too icy to navigate but both sets of rafters braved the water. Bird numbers appeared down. Janet knows of 7 new people who signed up to participate. Harriet Stephens (compiler), Shannon Young (Spring Bird Count) and JAG will meet in January to review the final compilation of the GJ CBC and get that information out to all of you.

Next Time:

Consider having the dinner follow Count Sunday on our regularly scheduled Monday meeting at the church. Send out a broad invitation to all members and if a member participates in the count the dinner is free; charge for members who do not participate

but want to come to the dinner. Have this be a celebratory holiday meeting. Require RSVP's so we know how many to plan for.

Mesa CBC Report (David Price)

The CBC was completed in surprisingly warm weather, mid 40's at the elevation of the town of Mesa. Very windy though. Threatening snow on top of the mesa in the morning, snow showers by afternoon. Some very icy conditions on less traveled side roads. Couldn't access the top of the mesa due to road closure for avalanche control. 18 participants. Nancy Winnie joined Price group. Everyone felt the number of species and birds was down, unfavorable conditions certainly a factor. No summary completed yet, suspect total # of species will be about 50.
